PROFESSIONAL SUMMARY

Results-driven Backend Developer with 5+ years of experience specializing in robust Laravel (PHP) architecture and seamless Full-Stack integration. Proven expertise in maintaining and evolving existing complex web applications, focusing on performance optimization, scalability, and high-quality feature development. Highly proficient in designing and integrating secure RESTful APIs to bridge Laravel backends with frontends. Adept at utilizing Git methodology, and database management (MySQL) to ensure rapid delivery and system reliability. Seeking to leverage deep backend skills to significantly impact product enhancement.

SKILLS

Skills : PHP, Laravel, JavaScript, HTML, CSS, jQuery, git, RESTful API, mysql, bootstrap, troubleshoot, problem-solving, full-stack development, code maintenance, performance optimization, deployment, backend development
